Combed cotton is a soft version of cotton made by treating the cotton fibres before they are spun into yarn. This results in a softer, stronger and more comfortable fabric which lacks short breakable threads that stick out and irritate the skin.

In addition, the treated fibres lie together more tightly after combing, making combed cotton thread less likely to fray and unravel as well as providing a better printing surface and substrate.

# easy tear-away

Tear-away neck label to facilitate re-branding

Our new innovative tear-away label feature is designed to save time and effort if re-branding is required. Simply grip the neck label firmly and pull at an angle, and the label comes away cleanly and easily!

The size pips are separate from the labels and are colored differently for adults and kids styles (T10012 mens & T10022 ladies - navy text on silver and T10032 kids - silver text on navy), enabling you to easily differentiate between them.

Biz Collection garments are ethically produced. Our factories and contractors have to adhere to a strict code of conduct which oversees both their employees and the environment.
