

2018 . HEALTHWEAR

ADVANTEX

BIZ CORPORATES

We've got you Covered

ADVATEX

ADVATEX by Biz Corporates heralds a new era in bacteria control.

Designed specifically for Healthcare environments, ADVATEX limits the spread of bacteria from care giver to patient via their workplace apparel.

REDUCE THE SPREAD OF BACTERIA WITH ADVATEX BY BIZ CORPORATES

Combining cutting edge anti-bacterial technology, design and comfort while you work.

Silver Ion technology can be worn on even the most sensitive skin.

Easy care, easy wear infection control garments for the Health and Aged Care Industry.

Limit the spread of 8 nominated strains of bacteria up to 80% to 99% effectiveness.

Reduce the spread of bacteria for the life of the garment in a domestic wash.

ADVATEX COOL maximises the absorption of moisture from the skin, creating a "body cool" environment (eg. sweat).

Bacterial control extended by adding ADVATEX Booster in the wash.

The technology behind ADVATEX was developed from the long-proven history that the element Silver has a bacteriostatic effect. To create ADVATEX, the element Silver has been converted into a highly efficient, microscopic Silver Compound which is then applied to our textiles via a unique coating procedure. Once coated, the ADVATEX fabric is able to not only resist bacteria, but actively eliminate it.

How does ADVATEX work?

Micro-structured titanium dioxide is the carrier for the anti-bacterial active component 'silver chloride'. In the presence of moisture (e.g. sweat) Silver Ions with 'anti-bacterial effect' are set free.

Absolute Product Safety

Cytotoxicity test shows silver ion technology has no influence on the natural balance of the skin. The fresh effect develops in the textile, leaving the skin unaffected and fully functional.

Effect Mechanism

- 1 Blocking oxygen transporting enzymes
- 2 Inactivating Sulphur-containing proteins of the bacteria
- 3 Locking the cell membrane

Note: This is not approved by the USA EPA and hence not valid for the USA.

Environment Care

ADVATEX, for effectiveness, only requires using low temperature wash thus using less energy and preserving CO² balance. The active Silver ingredient cannot be washed out of the textile. Added benefit of using ADVATEX is the washing machine stays clean.

ADVATEX combines the easy-care benefits, style and comfort you'd expect from Biz Corporates with unbeatable bacterial control.

The 8 bacteria tested for the ADVATEX range is as follows:

- Staphylococcus aureus
- Methicillin resistant Staphylococcus aureus (MRSA)
- Escherichia coli (Ecoli)
- Klebsiella pneumonia
- Listeria monocytogenes
- Enterobacter aerogenes
- Pseudomonas aeruginosa
- Corynebacterium xerosis

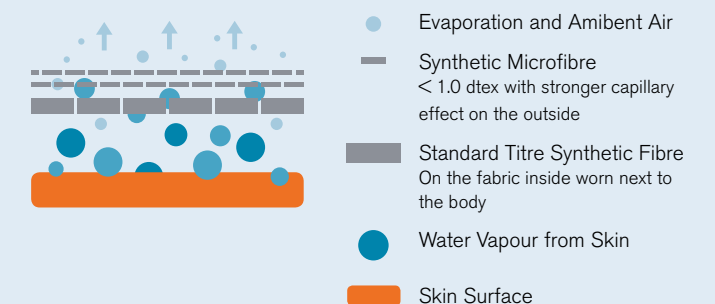

ADVATEX will control the above bacteria strains with an effectiveness of between 80% and 99%. Textiles are tested at 40°C across 40+ washes, knitwear is tested at 40°C across 30+ washes. Bacterial control, as described above, for the life of the garment can be extended by using an ADVATEX Booster additive.

ADVATEX also includes the application of an 'easy care' technology for cellulosic fibre garments.

ADVATEXCOOL

ADVATEX COOL by Biz Corporates introduces multi-functionality within its Health and Aged Care range with the addition of Optimum Cool, maximizing the absorption of moisture from the skin creating a 'body cool' environment, whilst providing anti-bacterial function.

Styles marked **ADVATEXCOOL** have the Optimum Cool functionality built into the fibres of the garment.

WOMENS SIZING

HOW TO MEASURE

For your body measurements, please keep the tape measure taut and follow the below guidelines. We recommend asking a friend to measure you for accurate measurements.

A. BUST

Measure under your arms and across shoulder blades, around the fullest part of your bust. Hold one finger between body and tape.

B. WAIST

Measure around your natural waistline while holding one finger between body and tape. This is the smallest part of your waist.

C. HIP

Measure around fullest part of your hips (about 20 – 24 cm down from waist) while standing naturally.

PANT AND SKIRT LENGTHS

Pants and skirts will vary in length depending on the height of each individual and also their shape. All pants come with a hem allowance allowing for easy alterations.

The waist specifications are the natural waist measurements, which have to be considered even though the garments will fit lower.

STYLE AND FIT GUIDE

Look out for the corresponding shirt fit symbols to make selecting your corporate range easier. Use the guide below to choose the best shirt and pant style for your body type and comfort.

FT

FITTED

Shaped and close fitting to the contours of the body.

SF

SEMI-FITTED

Gently shaped through the torso. Follows the contours of the body. Suitable for most body shapes.

EF

EASY FIT

Relaxed looser fit with a longer line. Straight through the torso.

WAISTLINE

BANDLESS SLIM LEG PANT

- Sits slightly below waistline
- Tapered through the leg
- Narrow leg opening
- Hem sits on the ankle

SLIM LEG MID RISE PANT

- Sits slightly below waistline
- Tapered through the leg
- Narrow leg opening with splits
- Hem sits on the ankle

HIPSTER FIT LOW RISE PANT

- Sits below waistline
- Straight through the leg
- Wide leg opening
- Shaped waist band

RELAXED FIT PANT

- Sits slightly below waistline
- Tapered slightly through the leg
- Wide leg opening
- Shaped waist band

ADJUSTABLE WAIST MID RISE PANT

- Sits on the waistline
- Straight through the leg
- Wide leg opening
- Hidden stretch waist band

MENS SIZING

HOW TO MEASURE

For your body measurements, please keep the tape measure taut and follow the below guidelines. We recommend asking a friend to measure you for accurate measurements.

A. NECK

Measure around the middle of your neck at collar level, keeping the tape loose to make allowance for comfort.

B. CHEST

Measure under your arms and across shoulder blades, around the fullest part of your chest. Hold one finger between body and tape.

C. WAIST

Measure around your natural waistline while holding one finger between body and tape. Measure over shirt at position your pants would normally sit.

D. IN SEAM

Measure from the crotch seam to the bottom of the inside leg of a well-fitting pair of pants.
